MEMORANDUM FOR: Budget Officer, ASD/PP

SUBJECT: Procurement of Items for AQUADONE

REFERENCE: Memorandum to Chief, ASD/PP from Director F&D  
dated 24 April 1976, File Ref. 25746

1. Pursuant to our conversation with respect to referenced memorandum, it is proposed that you determine more precisely the costs that will be involved in procuring the items on behalf of this activity. After your advice of cost is furnished by telephone, if desired, we will initiate action with the Budget Division causing AQUADONE apportioned funds to be reduced by the amount involved, with a corresponding increase effected to your allotment account number 8-2119-71-019. In the event of my absence, you may communicate the figure to [ ] on extension 4417 or 2171.

2. It is urged that you hold your negotiations and construct your requisition in such a manner that other personnel in the organization will not be made aware that Project AQUADONE is interested in the articles that you were requested to procure on our behalf.
